Cancels First Revised Page 6.1

EFFECTIVE: August 23, 1993

A7. COIN TELEPHONE SERVICE**A7.3 Coin/Coinless Credit Card Service (Cont'd)****A7.3.2 Rates and Charges (Cont'd)**

- B. Local charges apply on a per message basis based on the applicable local coin message rate as provided in A7.1.4 plus any applicable operator assisted charges as specified in A3.10.1.
- C. Rates and charges for speed dialing presence, commercial credit card rating and recording, and carrier credit card reading and dialing on the Coin/Coinless Credit Card telephone set are provided following:

	Monthly Rate	USOC
1. Per speed dialing button		
(a) Per station	\$5.50	NA
2. Commercial credit card rating and recording		
(a) Per message	.12	NA
3. Carrier credit card reading and dialing		
(a) Per message	.85	NA

A7.4 Public Telephone Access Service For Customer Provided Equipment (CPE)**A7.4.1 General**

- A. Public Telephone Access Service for CPE is an exchange line service provided at the request of the subscriber for telecommunications use.
- B. Public Telephone Access Service for CPE is provided for use with customer provided telephones.
- C. The carriage and completion of all local and intraLATA dialed calls including operator service functions, are provided by the Company. Dialed calls are defined by those digits entered by the end user which control the routing of the call. Modification or translation of these digits on any local and/or intraLATA call is not allowed.
- D. Public Telephone Access Service for CPE is provided subject to the condition that telephone messages (local and long distance) placed from stations which are accessible to the public are completed over Public Telephone Access Service for CPE lines (or other Public or Semipublic lines). Where Public Telephone Access Service for CPE is furnished, any type or grade of residence or business service offered regularly at that location may be furnished in addition, provided such residence or business service is confined to locations solely for use by the particular establishment.
- E. Customer-provided public telephones may not be attached to other types of access lines. A subscriber must order a separate Public Telephone Access line for each CPE public telephone installed and will be billed the Tariffed rate for each line.
- F. Public Telephone Access Service For CPE will only be provided as Two-Way service, except lines placed in correctional institutions, schools, hospitals and other locations for which a specific exemption has been granted by the Public Service Commission. There will be no charge imposed for incoming calls.
- G. Participation of subscribers to Public Telephone Access Service for CPE in optional EAS plans is not allowed.
- H. For customers subscribing to Caller ID - Deluxe, as specified in A13.19.2.H of this Tariff, if the incoming call originates from a customer provided public telephone, the name information transmitted will always be "Pay Phone".

A7.4.2 Responsibility of the Subscriber

- A. The subscriber shall be responsible for the installation, operation and maintenance of any customer-provided telephones used in connection with this service.
- B. The customer shall be responsible for payment of a nonrecurring charge as specified in Section A15. of this Tariff for each visit by the Company to the customer's premises solely to determine that the service difficulty or trouble report results from the use of equipment or facilities provided by the customer.

A7. COIN TELEPHONE SERVICE

A7.4 Public Telephone Access Service For Customer Provided Equipment (CPE) (Cont'd)

A7.4.2 Responsibility of the Subscriber (Cont'd)

- C. Customer-provided telephones must be connected to the Company network in compliance with Part 68 of the FCC Rules and Regulations as well as regulatory requirements of the Florida Public Service Commission and certification requirements of the State of Florida. The telephones must have the following operational characteristics:**
- 1. Must be able to access the "Operator", where 911 is not available at no charge to the calling party.**
 - 2. Must be able to access 911 Emergency Service, where available, at no charge to the calling party.**
 - 3. Must be able to access 411 Directory Assistance at no charge to the calling party.**
 - 4. The appropriate emergency number (Operator, 911) must be clearly posted at each location of a customer-provided telephone.**
 - 5. Must clearly indicate procedures for obtaining a refund from the subscriber and that the customer-provided telephone is not being provided by the Company. (The Company is not responsible for refunds of coins deposited in customer-provided coin-operated public telephones.)**
 - 6. Must be equipped to return the coins to the caller in the case of an incomplete call.**
 - 7. The telephone number of the line must be displayed on each CPE telephone.**
 - 8. Where provision for interexchange calling is provided, must be capable of providing access to all interexchange carriers certified to do business in Florida.**
 - 9. May have a maximum of one non-dialable extension per station access line. This extension must be within the same premises as the main station and may be a maximum of 35 feet from the main station or have a privacy feature to disable the extension when the main station is in use.**
- D. Proof of certification must be furnished to the Company by the subscriber prior to Public Telephone Access Service for CPE being furnished.**
- E. The subscriber is responsible for meeting all federal, state and local statutes with respect to provision of customer-provided telephones in accordance with all hearing impaired and handicapped person requirements.**

A7.4.3 Violations of Regulations

- A. Where any customer-provided telephone is used and/or connected in violation of this Tariff, the Company will promptly notify the customer of the violation.**
- B. Violations of the Tariff, Commission rules pertaining to public telephone service, or certification requirements will subject subscribers of Public Telephone Access Service for CPE to disconnection of service if the deficiency is not corrected within 10 days from date of notification to the subscriber.**

A7. COIN TELEPHONE SERVICE**A7.4 Public Telephone Access Service For Customer Provided Equipment (CPE)
(Cont'd)****A7.4.4 Service Features****A. Central Office Blocking-with Operator Screening**

Subscribers to this service are required to take one of the following options where facilities are available to provide such service.

Option	Description	USOC	(T)
C	Two-Way Service. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line. Provides central office blocking of 011+ calls. ^{1,2,3}	2SM	(T)
D	Outward Only Service. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line. Provides central office blocking of 011+ calls. ^{1,2,3,4}	1ZP	(T)
E	Two-Way Service. Provides central office blocking of 7 digit local, 1+DDD, 1+900 and 011+ calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line. ^{1,2}	17E	(T)
F	Outward Only Service. Provides central office blocking of 7 digit local, 1+DDD, 1+900 and 011+ calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line. ^{1,2,4}	17F	(T)
G	Two-Way Service. Provides central office blocking of 1+DDD, 1+900 and 011+ calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line. ^{1,2}	17G	(T)
H	Outward Only Service. Provides central office blocking of 1+DDD, 1+900 and 011+ calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line. ^{1,2,4}	17H	(T)

(M)

Note 1: 011+ blocking provides central office blocking of calls to numbers outside the North American Numbering Plan.

Note 2: 976 blocking is mandatory on all options as provided in A13.18 of this Tariff.

Note 3: For the Access Line Feature options which do not offer central office blocking of 900 calls, this feature is available at the request of the subscriber as provided under Customized Code Restriction (CCR) Option #4 defined in A13.20 of this Tariff.

Note 4: Options D, F and H may only be provided for placement in correctional institutions, schools, hospitals and other locations for which the Public Service Commission may grant a specific exemption.

A7.7 Reserved for Future Use**A7.8 SmartLine[®] Service for Public Telephone Access****A7.8.1 General**

- A. SmartLine[®] Service is a standard Dial Tone First (DTF) coin line for customer provided pay telephones.
- B. SmartLine[®] Service will be provided from central offices where facilities are available.
- C. This service is provided subject to the requirements set forth in A7.4.1, A7.4.2, A7.4.3. and Section A2. of this Tariff.
- D. Features of the SmartLine[®] Service are as follows:
 1. Service will be provided on a two way basis, except lines placed in correctional institutions, schools, hospitals and other locations for which a specific exemption has been granted by the Public Service Commission. There will be no charge imposed for incoming calls.
 2. Service will be provided on a DTF basis to enable end users to dial certain calls without requiring coin deposits, e.g. 911 Emergency Calls, local directory assistance, and non-sent paid calls.
 3. Central office blocking of 900, 976 and N11 calls will be provided.
 4. Operator Call Screening will be provided to alert operator and carrier systems that the call is originating from a SmartLine[®] Service line and may require special handling and billing treatment.
 5. Billed Number Screening will be provided to indicate in validation data bases that incoming collect and bill to third number calls are not to be billed to the line.
 6. Coin signaling (coin collect and coin return) will be provided by the network. Coin collect is used when a call has been completed and coin return is used if a no answer or busy condition is encountered.
 7. Standard recorded announcements currently used with the Company's Public Telephone service will be utilized with SmartLine[®] Service.
 8. The Company's operator system will handle 0- intraLATA toll calls and 0+ local calls from SmartLine[®] Service lines. All 10XXX 0+ or 101XXX 0+ dialed intraLATA toll calls will be routed to the dialed carrier.

Note 1: Text is shown as new due to reissue of all Tariff Sections. No changes in rates or regulations were made with this filing.

A7. COIN TELEPHONE SERVICE¹A7.8 Smartline[®] Service for Public Telephone Access (Cont'd)

A7.8.2 Rates and Charges (Cont'd)

- I. Non-sent paid intralATA toll calls carried by the Company will be rated to the end user at the long distance rate and the appropriate operator surcharge set forth in Section A18. of this Tariff plus the set use fee as provided in A7.6 of this Tariff.
- J. Touch-Tone Calling Service will be provided at rates specified in A13.2 of this Tariff for business individual line service.
- K. The Smartline[®] Service subscriber will be charged for intralATA long distance Directory Assistance Service at the rate specified in A18.7 of this Tariff for business individual line service. The network will require a deposit be made by the end user unless charged to an alternate billing method.
- L. Service charges as covered in Section A4. of this Tariff for business individual line service are applicable.
- M. Listings in connection with Smartline[®] Service are furnished under the regulations specified in Section A6. of this Tariff for Company and Customer Owned Pay Telephone Service.
- N. Suspension of service, as covered in A2.3, is not available unless the instrument is equally inaccessible to the general public on a temporary basis. In all cases, the decision to permit temporary suspension of service rests with the Company.
- O. When service is temporarily suspended as the subscriber's request, a Secondary Service Ordering Charge and a restoration charge, as specified in A4.3 will be charged for each telephone number restored.
- P. Rates for Verification and Emergency Interrupt Service as provided in Sections A3. and A18. of this Tariff are applicable. The network will require a deposit be made by the end user unless charged to an alternate billing method.

A7.9 Local Usage Detail (LUD)

A7.9.1 General

- A. Local Usage Detail (LUD) is an option for Public Telephone Access Service for CFB and Smartline[®] services for Public Telephone Access subscribers who desire a printed listing of local call details for calls placed to the basic local calling area and to the expanded calling area, if applicable, in addition to the usual summary billing of all dialed, sent-paid, billed local usage.
- B. The provision of LUD will coincide with the billing period(s) for the access lines to receive detailed billing; i.e., the reporting of expanded call details will start at the beginning of a billing period and stop at the end of a billing period. For existing customers, LUD should be ordered at least five days prior to the billing date to ensure the timely start or stop of detailed reporting. However, if LUD is requested on an order which establishes service, detailed reporting will start coincident with establishment of the service.
- C. LUD will be provided on a per account basis.
- D. Charges for LUD are in addition to applicable local usage charges specified in this Tariff.

A7.9.2 Rates and Charges

- A. The following charge applies for LUD.

Note 1: Text is shown as new due to release of all Tariff Sections. No changes in rates or regulations were made with this filing.

A7. COIN TELEPHONE SERVICE

A7.8 SmartLine® Service for Public Telephone Access (Cont'd)

A7.8.2 Rates and Charges (Cont'd)

- M. Suspension of service, as covered in Section A2., is not available unless the instrument is totally inaccessible to the general public on a temporary basis. In all cases, the decision to permit temporary suspension of service rests with the Company.
- N. When service is temporarily suspended at the subscriber's request, a Secondary Service Ordering Charge and a restoration charge, as specified in Section A4. will be charged for each telephone number restored.
- O. Rates for Verification and Emergency Interrupt Service as provided in Sections A3. and A18. of this Tariff are applicable. The network will require a deposit be made by the end user unless charged to an alternate billing method.

A7.9 Reserved for Future Use

A7.10 Coin Refund and Repair Referral Service (CRS)

A7.10.1 General

- A. Coin Refund and Repair Referral Service (CRS) provides handling of refund requests and repair referrals generated by the end users of Independent Payphone Provider (IPP) public telephones. End users may request refunds for coins lost during an attempt to place local, intraLATA or interLATA calls and/or submit repair/trouble reports for the IPP public telephone to the Company's operator services.
- B. CRS is available to any IPP outside confinement facilities which also subscribes to Operator Screening. CRS will not be provided for pay telephones located in confinement facilities.

A7.10.2 Regulations

- A. All access lines subscribed to CRS must be subscribed to the same option.
- B. The IPP public telephone must include detailed instructions on how to obtain refund and repair referral assistance.
- C. The Coin Refund portion of the service will be provided on one of the following options:
 - 1. Option 1 - The Company operator will take the refund request from the end user and forward the information to the IPP for processing.
 - 2. Option 2 - The Company operator will take the refund request from the end user. If the request is for a credit to the end user's account with the Company, the operator will issue the credit. Any other refund request will be forwarded to the IPP for processing.
 - 3. Option 3 - The Company operator will take the refund requests from the end user and issue a credit or draft as requested by the end user.
- D. Repair referral service will be offered with any of the coin refund options or on a stand alone basis. The Company operator will take the repair report from the end user and refer to the IPP for handling.
- E. In the case of system outages or lost data, the Company shall have no liability and shall not be responsible for providing refunds or repair referrals to the end user.
- F. Charges for CRS and the amounts of the refunds to the end user will be made based solely on the Company's refund request data.
- G. Non-payment of charges for CRS may result in the interruption of the IPP's access line service.
- H. Any request that results in a repair referral and a refund referral will be charged as two referrals.
- I. IPPs requesting to terminate CRS after subscribing lines to the service must give the Company thirty days advance notice. The IPP will be responsible for the charges incurred for CRS during the thirty day termination period. The IPP will be also responsible for any changes to its payphones and/or instruction cards after the service has been interrupted, terminated or disconnected.

RE: Public Telephone Service Agreement on

Dear

Your Service Agreement with BellSouth expires on December 17, 1996.

As we promised in our recent telephone conversation, written copies of your local and long distance agreements are enclosed. The long distance agreement authorizes us to arrange interexchange long distance payphone service on your behalf when federal rules implementing the Telecommunications Act of 1996 go into effect in November.

Please verify the address for your commission check (to Location Provider) and your Federal ID number (TAN) at the top of the Location Provider Agreement. Sign both Service Agreements and return them in the postage-paid envelope, along with the blue card indicating where you would like us to send the \$25.00 per-line bonus for each payphone and a name to whom the check should be made payable.

If you have any questions, please call me collect at 904-693-6201. Again, thank you for making BellSouth your first choice in payphone services.

Sincerely,
Dianne Lenoach
Telemarketing Representative

AGREEMENT
FOR
SERVICE NEGOTIATION RIGHTS

Long Distance Service

This Agreement for Service Negotiation Rights ("Agreement") is made by and between BellSouth Telecommunications, Inc., ("The Company") having its principal place of business at 675 West Peachtree Street, Atlanta, Georgia 30367 and _____
(Location Provider)
having its principal place of business at _____

To the extent permitted by law, the Location Provider designates The Company as its exclusive Agent for all requests relating to pay telephone service, including but not limited to the selection of the primary interexchange carrier (PIC) for all pay telephones covered under this Agreement.

This Agreement shall be effective upon, and subject to the approval and implementation by the Federal Communications Commission ("FCC") of regulations pursuant to Section 276 of the Telecommunications Reform Act which provides for the right of The Company to select preferred interLATA carriers for the pay telephones. Should the FCC find that such right of interLATA carrier selection is not in the public interest, this Agreement shall be void and of no effect.

In the event Location Provider has an existing Agreement with another entity for interLATA services at such pay telephones, then the right granted to The Company by this Agreement shall become effective immediately upon termination of such agreement with another entity subject to the foregoing paragraph.

Should there be an existing Location Provider Agreement between The Company and Location Provider, this Agreement for Service Negotiation Rights shall be incorporated therein and become a part thereof, upon approval and implementation by the FCC of the right of the Company to select the interLATA carriers.

In consideration of the foregoing, The Company shall pay to Location Provider a one time signing bonus of twenty-five dollars (\$25.00) per line. In addition to the foregoing, the Company shall pay to Location Provider remuneration on a monthly basis or other, based on 20% of BellSouth Public Communications 0+ and 0-dispatched interLATA toll billed revenues. The signing bonus and remuneration is contingent upon approval and implementation by the FCC of the right of the Company to select the interLATA carriers.

This Agreement may be transferred or assigned, in whole or in part, by the Company to any parent, successor, or affiliated company of The Company.
